Santhiya K

Chennai

EDUCATION

B. E Computer Science and Engineering

MIT Campus, Anna University
CGPA: 7.44

Oct 2022 - Present

Chennai, Tamil Nadu

HSC

Mount Park Higher Secondary School
Percentage: 93.83

June 2020 - 2022

Kallakurichi, Tamil Nadu

PROJECTS

Learning & Debugging Assistant for Python (RAG + LLM) | Streamlit, Python, LangChain, Vector DB

- Built an AI powered Python assistant using Retrieval Augmented Generation (RAG) and LLMs to deliver accurate, course specific programming support involving structured data querying and automated response generation.
- Implemented a real time debugging sandbox with Python scripting, promoting self-guided error correction and analytical thinking.

TNPSC Coaching Management System | Spring Boot, MySQL, JWT, OOP

- Designed and developed a backend system using Spring Boot and MySQL to manage Admin, Staff, and Student data, writing complex SQL queries for data retrieval, reporting, and role based access.
- Implemented JWT authentication and built course enrollment modules using OOP principles, ensuring data integrity and security.

Feedback Collector Web Application | HTML, CSS, JS, Firebase

- Developed a cloud-based app for real-time data collection and display using Firebase Firestore as the backend database handling live data streams, storage, and retrieval at scale.
- Built with HTML, CSS, and JavaScript; integrated Firebase Hosting for scalable deployment, ensuring data security and real-time interaction.

Finance Dashboard Backend | Node.js, Express, JWT, SQLite

- Built a secure REST API with role-based access control (Viewer/Analyst/Admin) for financial data management.
- Implemented JWT authentication, transaction CRUD with filtering, and real-time dashboard analytics (income/expense totals, category breakdown). Included Swagger/OpenAPI documentation and Postman collection.

TECHNICAL SKILLS

Languages & Query: SQL, Python, Java, C

Data & Analytics: Power BI, Excel (Pivot Tables), pandas, MySQL, Firebase

Web & Tools: HTML, CSS, JavaScript, Git & GitHub, Spring Boot, Firebase

Other Tools: VS code, IntelliJ, Figma, AWS Cloud, Google Cloud

Soft skills: Adaptability, Communication, Critical Thinking & Problem Solving, Team Collaboration & Agile Practices

CERTIFICATIONS & COURSES

- AWS Academy Graduate - Cloud Foundations
- Google Cloud Study Jams - GenAI
- Data Structures and Algorithms - Amazon (Coursera)
- Java Programming - NPTEL
- Power BI - Data Visualization & Reporting

ACHIEVEMENTS / VOLUNTEERING

- School First - Secured first rank in 10th standard
- Anna University Student Entrepreneurship Club (AUSEC)
- Personality Development Association (PDA)
- National Sports Organization (NSO)

LANGUAGES KNOWN

Tamil (Mother Tongue)

English (Working Proficiency)
